Windsor is gonna take at least another day. Bridge opens tomorrow night , best case. That could change. At peak, there was nearly 1000 protestors. These are the ones that mostly fall into the “partners”. The composition of the protestors cuts across a lot of different demographics and isn’t easily profiled.
It would be very good if it were sorted by Monday....
Have been working phones tonight and will host an NCR caucus call tomorrow morning.

That would be good. Try to get some sleep tonight. We have some days ahead!
Yep
You too
